## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 13-14, 16-19 and 22-23 are rejected under 35 U.S.C. 102(b) based upon a public use or sale of the invention.

On page 5, lines 10-11 of the instant specification, applicant has indicated that “Through the present invention, many resellers have saved millions of dollars from correctly billing their customers”. Thus, it appears that the applicant’s invention was in sale or in public use prior to the applicant’s submission of the filing of the invention. Accordingly, claims 13-14, 16-19 and 22-23 are rejected based upon a public use of sale of the invention.
